

# The Political Voice of California's Ambulatory Surgery Center Industry

The CASA PAC exists to elect, educate and build relationships with key legislators.

## Why do we need a PAC?

The CASA PAC is the ONLY political giving vehicle SPECIFICALLY focused on ASC issues in California.

- PAC funds raise CASA's name identification and recognition at the State Capitol and amongst the Legislature.
- There is strength in unity and numbers.
- Making various contributions to key individuals on behalf of CASA places and keeps our name at the forefront of healthcare related discussions.
- A PAC allows CASA to be proactive in the political arena.

## What are our priorities?

CASA PAC funds support elected officials who understand and help champion our industry's viewpoint on policy areas including:

Physician ownership

Fair reimbursement and new policies on value-based care

Procedures approved for the ASC setting

Single payer proposals

Out of network options

Oversight, reporting and licensure issues

Protecting MICRA

Rules on mergers and acquisitions

## Who can contribute?

- All surgery centers in California should participate in the CASA PAC Fund.
- Donations can come from the center, corporate parent, or individual physicians and ASC employees.
- Maximum contribution per year is \$8,100.
